

Brand IQ Philanthropy Statement

“Through our philanthropic outreach, we are the tangible touch for the causes most important to our stakeholders. Our vision is to create a workplace where our stakeholders’ community interests are valued and invested in. We commit to donating time, funding and in-kind donations to organizations selected by our sustainability committee, based on feedback from our customers, suppliers and employees. As a team, we strive to reduce hunger, provide resources for children in need, and reduce animal euthanasia.”
